## SECTION 2: ANNUAL INCOME OR COMPENSATION

Annual income or compensation refers to the institutional base salary, which is the annual amount that the organization pays for the applicant's appointment, whether the time is spent on research, teaching, patient care, or other activities. Base salary excludes any income that an applicant may earn outside of duties to the organization. For NRSA awardees, this refers to funds characterized as compensation, which may be paid to Fellows only when there is an employer-employee relationship and the payments are for services rendered. Northwestern University is required to validate this information for individuals, who are selected for awards.

### **Current Annual Income or Compensation**
